

# Rinnai

# Snap & See

Now you can try before  
you buy - at the touch  
of a Magic Button.

To see how a Rinnai Gas Fire would look at home, download the NEW Rinnai Flame Fire app. It's free, and there's an iPhone and Android version, just search 'Rinnai' to find it. Start up the app and follow the instructions to scroll through our latest fireplace designs. Select the fire you like, then place this A3 poster on a wall where you'd like your fireplace and press the magic button. The fireplace will soon appear on screen. You can even capture and share with your friends. Visit [rinnai.com.au](http://rinnai.com.au) for more information.

Available May 2013 on iPhone, iPad and Android devices.
